

# GLOBAL APPROVALS & STANDARDS

Our production has been awarded the most prestigious certification bodies in the world; with national and international certifications for products and processes, ceramic products not only meet the requirements, but often exceed the most stringent international standards. Our own water/air serious product testing on 100% WC & bidet production. Only products that meet the requirements are marked with our QC sticker: a seal of quality and performance!

# OUR BRAND VALUE

The content of high technology isn't the final aim in designs, the real purpose is to be a transition from technology to concern. Why we design is to create more human products and concern every detail, and why we measure humanity is to concern customers.

## QUALITY

We strive for an excellence that goes way beyond the surface of our products. In fact, from design to production and customer service we aim for nothing less than perfection at every stage.

## DESIGN

An empathetic and intuitive design language offers us the opportunity to create products that feel as if they were designed just for you.

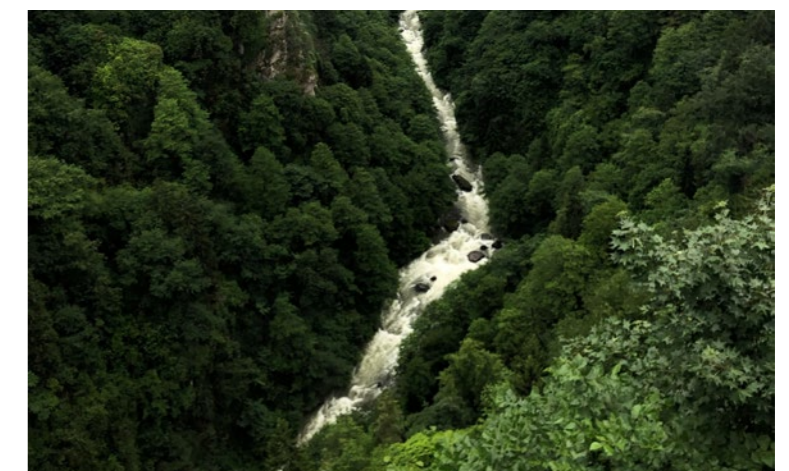

## TECHNOLOGY

In our relentless search for technological innovation we work to integrate the latest digital advances, creating smart solutions that enhance our customers' enjoyment of water.

## SUSTAINABILITY

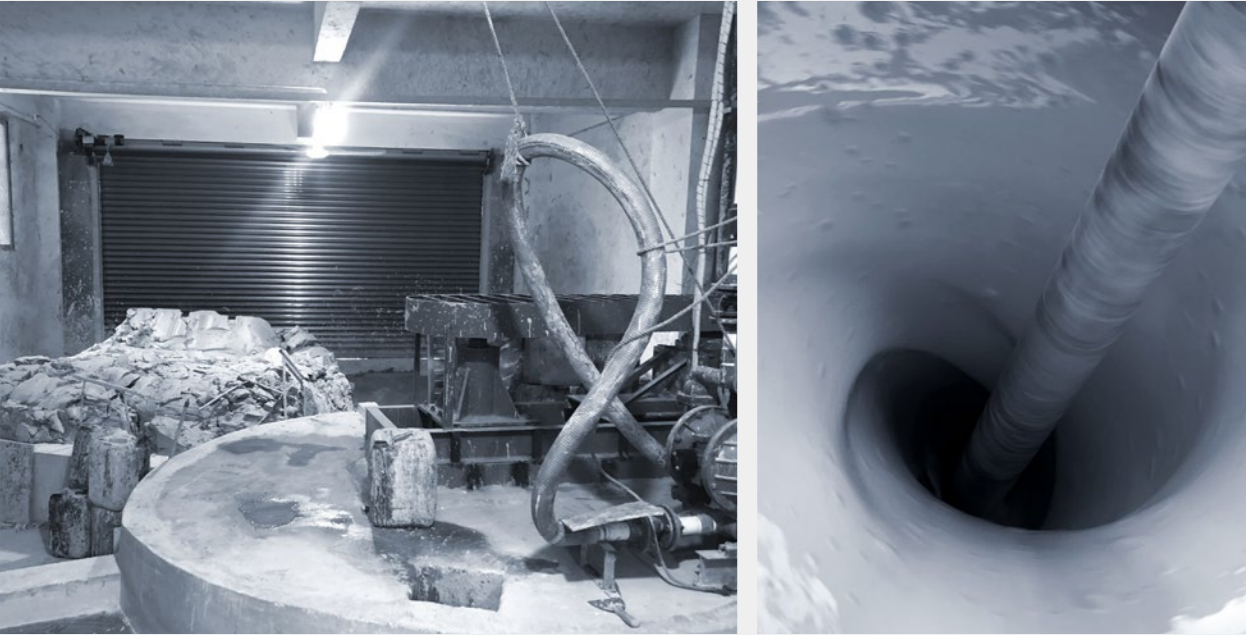

Water is as essential as the air that we breathe, one more reason why we are so passionate about it. synchronous of height.

# Installation steps of split toilet

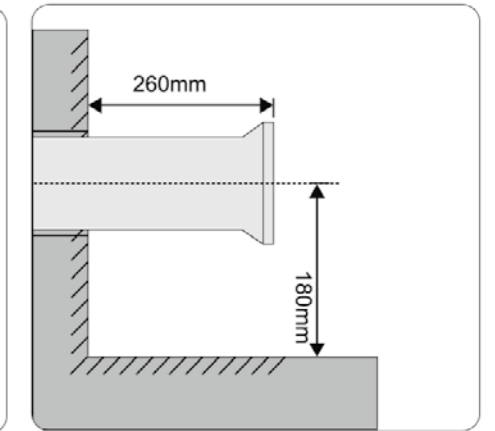

1 Position the water inlet, waste, outlet and floor fixing bracket holes.

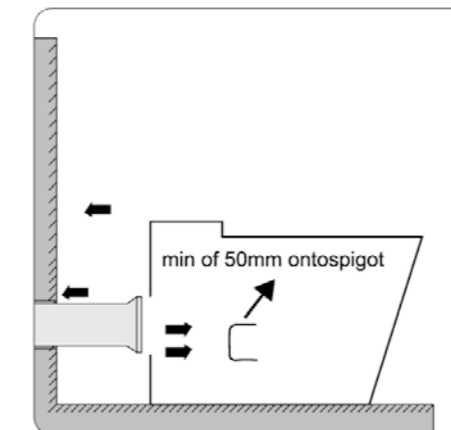

2 Align the pan back to the wall.

3 Connect pan spigot to pan collar.

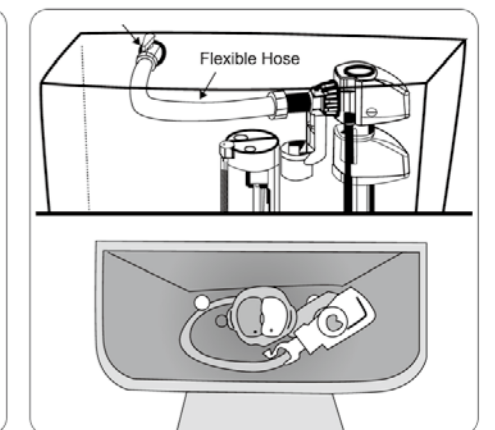

4 Set up waste pipe and make sure the pipe is parallel to the floor.

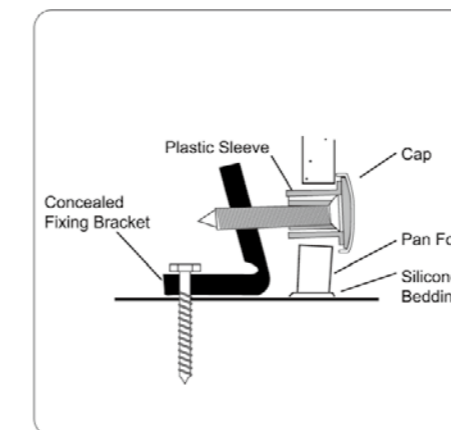

5 Align and push fully assembled toilet back to the wall.

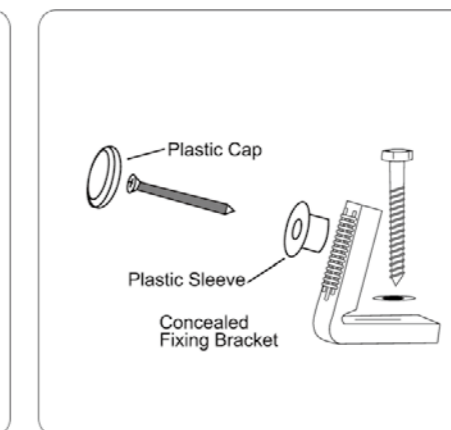

6 Install ceramic cistern.

7 position stop tap then connect rear water inlet valve to stop tap.

8 Connect the pan with foundation bolt.

9 Fix the pan by screwing the foundation bolt to the floor.

An aerial photograph of a coastline. On the left, there are brown, rocky hills that slope down to a rocky shore. The water is a vibrant turquoise color, with white foam from waves crashing against the rocks. In the distance, a small pier or breakwater extends into the sea. The sky is a clear, pale blue.

## GOOD PRODUCT

The real top product is often simple and complex,  
empty and full of inside, at least the simple kung fu  
tests the merits.
